this book analyzes the evolution and impact of the concept of risk on processes of

transnational banking and financial market regulation as well as the externalities generated by speculative financial activity in developing and emerging market economies the author provides an alternative theory for the study of international financial market regulation by applying elements of a post structural methodology to the topic inspired by michel foucault s framework of critical discourse analysis in the history of sexuality the argument dissects the rules of formation that govern the evolving discourse on risk the author argues that the mathematically formal technology of risk emerges from within specific institutions and economic formations thereby limiting its utility in the regulation of global financial markets exploring how the applied technology of risk has been implicated for fueling a major financial crisis his work also demonstrates how the regulation of global financial markets and abstruse financial instruments in advanced industrialized countries impacts the lives of the poorest people in developing countries and emerging markets

a timely guide to the complex financial markets and banking secrecy of switzerland since 1934 when switzerland s federal bank secrecy law was passed the line between myth and reality with regard to swiss banking has been blurred but over the past decade there have been dramatic changes in the pressures brought to bear on all facets of the swiss financial markets and banking sector recent developments and agreements have potentially weakened swiss banking secrecy and with that said it is time for a book that lays out the history of swiss bank secrecy and puts these twenty first century changes in perspective swiss finance is a thorough overview of the swiss financial markets and the banking secrecy this country has become known for it covers key topics to practitioners both abroad and in the united states involved in swiss banking and the swiss financial markets discusses what the euro debt crisis may mean for the role of switzerland as a financial powerhouse reveals how new secrecy agreements with the united states and germany will impact private wealth management addresses asian competition for wealth management and tax havens switzerland is one of the largest financial markets in the world and a global power in private wealth administration whether you re a private wealth advisor swiss or u s banker or other finance practitioner involved in the swiss market this guide is essential reading if you intend on achieving future success in this arena

the most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics

in this book robert e litan examines how the financial system and the government s regulatory role are changing and outlines the move away from banks and thrifts to pension funds finance companies and mutual funds
