with proven pedagogy that emphasizes critical thinking problem solving and in depth coverage new perspectives helps students develop the microsoft office 2013 skills they need to be successful in college and beyond updated with all new case based tutorials new perspectives microsoft access 2013 continues to engage students in applying skills to real world situations making concepts relevant a new troubleshoot case problem enhances critical thinking and a new tutorial on managing your files helps students navigate windows 8 as always new perspectives improves learning outcomes and transference of skills by helping students understand why what they re learning is important

the european yearbook of constitutional law eycl is an annual publication initiated by the department of public law and governance at tilburg university and devoted to the study of constitutional law it aims to provide a forum for in depth analysis and discussion of new developments in the field both in europe and beyond this inaugurate volume examines the safeguards and limits of judicial power in a variety of constitutional systems both at the national and supranational level the book approaches the judiciary as part of the constitutional system operating within a legal order that connects the citizens and institutions of the state to each other looking at the judiciary from this broader perspective the traditional doctrine of the separation of powers would appear no longer to adequately represent the diversity and complexity of constitutional systems and their democratic legitimacy judicial independence does not mean isolation but should better be understood as institutionalizing relationships that legitimize the power of the courts the notions of safeguards and limits indicate the reciprocally enabling and protecting nature of these relationships in recognition of this the contributions to this volume analyse these safeguards and limits as relations existing within a complex constitutional architecture state institutions today are involved in a fundamental transformation of their selfunderstanding as a result of changes in political culture several contributions to this volume provide examples of political criticism and pressure on the judiciary against which the usual guarantees are unable to provide adequate protection a convincing and effective response to threats to the judiciary s independence requires a detailed and precise analysis of the judiciary s constitutional safeguards and limits this book offers a step in that direction

the pharmaceutical industry faces a well documented perfect storm on the one hand the patent cliff the lack of new blockbusters

and on the other economic pressure on pricing from markets with growing expectations and shrinking budgets in the face of such pressure traditional health economics models no longer seem appropriate and yet what do we have to replace them the growing focus on value and cost effectiveness are evidence of new emerging thinking although even here with the shift from medicine as cure to medicine as palliative as a treatment for chronic illness and with the growing emphasis on preventative approaches the landscape is complex and challenging the future of health economics offers a window into some of the most influential emerging issues in pharmacoeconomics issues such as risk sharing and alternative pricing models or the potential impact of radical new approaches such as personalized medicine as well as exploring the changing role of government and regulators ulf staginnus and olivier ethgen themselves two of the most well regarded practitioners in this field have brought together some leading edge thinkers from industry and academia around the world to provide the industry policy makers regulators health practitioners and academics with the raw material for their future scenarios
